

JONNY BICK VISITS OUR INSTALLATIONS IN BARCELONA AND AT OUR THE CELLER

Last October, we had the meeting with Jonny Bick from the company WineOnline, and we formalize our commercial relationship.

Jonny was in our cellar of Torroja del Priorat, visiting our installations and tasting our

different wines that he is exporting to Canada.

On the left picture, Albert Rotllan and Jonny Bick, tasting our wines at our cellar.

In the picture on the right, we find Jordi Rotllan and Jonny Bick in our offices in Barcelona.

It is the third transaction that we have made with him, and we hope to achieve a long and fruitful commercial relationship.

Jonny Bick will work mainly at Quebec and Ontario provinces.

So, from here, we give you the warmest welcome.

WINE TASTE AT ESCOLA'S SHOWROOM

The last 4 of November we make a wine taste of our wines Rotllan Torra for the Escola's commercials at the new Showroom that has been opened recently at the Born neighbourhood in Barcelona.

It is a beautiful premise that have been fitted-out following the harmony of the same neighbourhood which, by the way, is really in fashion in

Barcelona.

At the taste, the wines Rotllan Torra Crianza, Rotllan Torra Reserva, Balandra, Amadís, Tirant and Moscatell were tried. It was a success and everyone enjoyed the wines so much and as well as the given explanations due to their dynamism, where a feed-back was shared between both parts

to improve, much more, the relationships with the catering trade and mainly, with the wine shops.

Below the text, we find a picture with the Escola's commercial team and some members of Rotllan Torra.

From here, we want to send you our most sincere gratitude for all your commercial work that you have been doing during all those years.
