

## Rotllan Torra in Alimentaria 2008 (Barcelona)

In this Alimentaria 2008, as we stated in our last communication, we present our **new vintage 2004 of Amadis and Tirant**, our new **Balandra 2004** and, above all, our **Aribau Cuvée 2004 Signature Wine**.

Below you can see a selection of some of the many photographs taken of the visitors received at our stand. Unfortunately, due to space restrictions, we are unable to show all the photographs here, but we have posted some more on our website.

In the photographs you can see the founder, Mª Angels Torra, together with Jordi and Albert Rotllan (from left to right).
