

## New Rotllan Torra Reserva 2001 0.5 l bottle

Our R&D&I departments are proud to present this wine in an extremely elegant and sophisticated Italian style bottle which maintains the usual image of Rotllan Torra products.

This 0.5 l bottle is perfect for those who want to taste a good wine and find ¾ l bottles are too big.

You can obtain this fine wine at an exceptional price, so that you can offer it easily.

Furthermore, the 0.5 l bottles are likely to be served in certain restaurants, which find very difficult to sell ¾ l bottles due to the huge competition with other wines. It is easier to start with a 0.5 l bottle and then continue with the ¾ l one.

This product is already available, so we are ready to receive your orders.
