

Rotllan Torra Wine Tasting in the Hotel Cal Compte

The Rotllan Torra family attended a wine tasting event at the Hotel Cal Compte on the 2nd May 2010 in Torroja del Priorat in Tarragona, about 50 metres from where we have our winery.

In the first photograph you can see Albert Rotllan and Teresa Terrones (on the right) together with Jordi Rotllan (centre) and our importer from Austria, Bodega Rioja, who also attended this event.

There were between 400-500 people who came to this event and were tasting wines throughout the

morning.

In the second photograph you can see the people tasting our wines and showing a lot of interest in the explanations given by the various members of the Rotllan Torra

family.

In the third photo you can see the presentation of the new RT Semicrianza 2007 which we have introduced recently to the market

and which promises to be as successful if not more than the now sold out harvests of 2005 and 2006.

In the final photograph you can see part of the Rotllan Torra family with some clients of the winery.

Wine Tasting in the Armonía Shop in Salou

On the evening of Wednesday 12th May, Jordi Rotllan hosted a wine tasting and food combining event for Rotllan Torra wines in the Armonía shop.

Those attending were primarily Russians, Dutch and Belgians that

were interested in enjoying our new harvests from Rotllan Torra.

Tourist guides also attended the event who were both interested in tasting the wines and also being able to offer visits to our winery for the tourists that visit the region

from various parts of Europe.

As well as the wine tasting, we also gave a course on wine tasting by way of introduction.
