

Rotllan Torra Wine Tasting in the Hotel Cal Compte

The Rotllan Torra family attended a wine tasting event at the Hotel Cal Compte on the 2nd May 2011 in Torroja de Priorat in Tarragona, about 50 metres from where we have our winery.

In the first photograph, you can see Teresa Terrones, Albert Rotllan, Jordi Rotllan and

Lourdes Ortiz (from Leith to right).

There were between 400-500 people who came to this event and were tasting wines throughout the morning.

In the second photograph you can see the people tasting our wines and showing a lot of interest in the explanations given by the various members of the Rotllan Torra family.

In this event we were able to present the new vintages of our Rotllan Torra wines and people were very interested in tasting them.

The wines were a great success and were well liked by those present.

In the next photograph you can see Jordi Rotllan and Albert Rotllan together with the German wine critic Mr. Torsten Hammer of the Der Priorat Führer (The Priorat Guide).

We hope to repeat this event with as much success next year.

Rotllan Torra Reserva in the "La Vanguardia"

On the 22nd May, Rotllan Torra appeared in the newspaper "La Vanguardia" with the Rotllan Torra Reserva as an example of a wine which one can buy in the market for less than 10 euros.

This wine, which we started producing 29 years ago and which three weeks ago achieved 90 Parker points, was classified as a wine that represented excellent value for money and therefore a wine which could be enjoyed by everyone.

PARKER SCORING 2011

At the end of May, the points scored by Rotllan Torra were published on the internet and in the Wine Advocate magazine which we have detailed below.

For our **Reserva 2005** we were awarded, for another year, an extremely high score of **90 points**.

Reserva 2005: Silver Medal International Wine Guide.

Reserva 2004: 91 points Parker.

Rotllan Torra Crianza 2007, we were also awarded a very high score of **90 points**.

These scores are the result of many years of work researching and, above all, of rigorous and exhaustive work in both the vineyards and in the winery itself i.e. during vinification, during the aging in the barrel, in the bottle, etc.

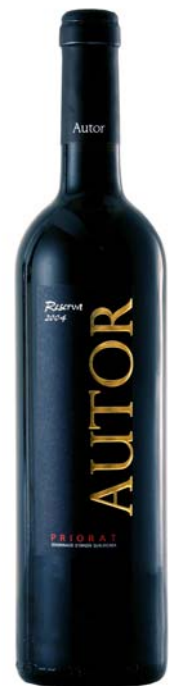

As for the **Autor Reserva**, this is the first year that we have presented it and it has gained a magnificent score of **88 points**, and has also consolidated itself among the great low-cost wines.

Rotllan Torra Reserva: 90 points Parker

Rotllan Torra Crianza: 90 points Parker

Autor Reserva: 88 points Parker
