

Rotllan Torra Wine Tasting organised by Agrobotiga Siurana on 26th September 2009

In Barcelona we had the pleasure of being invited to offer a wine tasting/talk of our wines in the Community Centre Els Lluïsos d'Horta, a centre which has been in the neighbourhood of Horta for many years and which has a strong influence within its community.

At the wine tasting which was carried out by Jordi Rotllan, more than 50 people attended who were interested in trying the Rotllan Torra wines.

The Rotllan Torra Semicrianza 2006, Rotllan Torra Reserva 2004,

Amadis 2004 and Tirant 2004 were all tasted. Finally the Rotllan Torra Moscatell was tasted which went down tremendously well with those attending.

During the tasting it was evident that those attending were very interested in the wines, and indeed showed a lot of interest when it came to buying the wines to enjoy in their own homes.

During the talk, Jordi Rotllan explained to those present the

climatic as well as the orographic conditions needed to develop the Priorat vines and also the advances that have been made in wine-making in the past few years. Also explained were the latest techniques employed by Rotllan Torra during the vinification process in order to better extract the skin during the fermentation process and also the crianza with tests of various different barrels.

Wine Tasting en Vinacoteca de Paula on 13th November 2009

On Friday 13th November we were given the opportunity to give a tasting of our wines in the Vinotera de Paula in Caldes de Monbui.

Wines tasted included Rotllan Torra Semicrianza 2006, Rotllan Torra Reserva 2004, Amadis, Tirant and finally Rotllan Torra Moscatell. It was a very participative tasting where the tasters showed a lot of interest in the explanations offered and lots of questions were asked during the talk. These types of talks, according to one of the participants, are very interesting because the audience are able to find out about current topics which are of interest to most people.

At the end of the event, a very complete buffet was served which meant that the event carried on until well after midnight. Those present very much enjoyed the event.

Bodegas Rioja Visit to our Celler on 4th November 2009

On the 4th November clients of our importer in Austria, Bodegas Rioja, visited our own Priorat cellars to see the premises, taste the wines and finally dine in the restaurant in the same village where our cellars are situated.

During the visit many explanations were given about our method of working, for example how we use the vine in the elaboration phase.

They say more than 500 barrels which we always have full and saw how they were changed as

they reached the right age.

At the event, those present were a mix of sommeliers, enologists, restaurateurs etc and were members of a prestigious club. They tasted the Rotllan Torra Semicrianza 2006, Rotllan Torra Seleccion 2004, Rotllan Torra Reserva 2004, Amadis 2005, Tirant 2005, Ariane and Rotllan Torra Moscatell.

The tasting proved so popular in fact that the Rotllan Torra Semicrianza and the Reserva

have now been introduced to the Austrian market. Our importer in Austria, Bodegas Rioja, used to buy predominantly Amadis and Tirant however after the tasting, they have now introduced the Semicrianza and the Reserva as well.

To round off the event, we held a dinner with typical fare of the region which allowed people to enjoy the food and wine combination of our wines with typical dishes from the Priorat region.

*The Rotllan Torra family
wishes you all a very Merry
Christmas and a Prosperous
New Year!*
