

Wine Tasting Event in Vinacoteca El Cep

Rotllan Torra is characterised by trying to reach the end consumer. By doing this, the public can know all about the latest news about our wines, our anecdotes and above all, the public can get to know about the exhaustive production processes that we use.

On this occasion we had the opportunity to meet a group of people who were very keen to learn, very enthusiastic and receptive to tasting quality wines.

The wine tasting was a complete success. It was expected to last two hours and actually last four hours thanks to the great atmosphere.

Various different wines were tasted, among which was **Autor Reserva 2004**, a wine which went down very well with the public, there were about 20 people there.

At the tastings, we usually start with a history of the winery, describe the Priorat area, a brief introduction about the wine making process, and crianza, etc., but where the

tasting really gets going is in the actual tasting where we encourage people to interact as much as possible.

During the tasting there was also a buffet of foods that

combined perfectly with the wines that were tasted which really allowed people enjoy the event even more.

Rotllan Torra in Facebook

In order to improve relations between the winery and the distributor, we thought it was a good idea to join the social networking site Facebook to show our friends all the activities that we are involved

in and also to be able to interact with you to make our relationship more dynamic.

We would ask that you join the Rotllan Torra D.O.Q. Priorat or reply to the next e-mail

(administracion@rotllantorra.com) with your name and we will add you.
